- E. O. BIDWELL, M.D., Surgeon 31st Regiment Massachusetts Vols.
- CARL BOTH, M.D., Boston.
- JOHN BRANCH, M.D., St. Albans, Vt.
- JAMES BRYAN, M.D., Surgeon U. S. V.
- WILLIAM BURNS, M.D., Littleton, N.H.
- J. L. CHANDLER, M.D., St. Albans, Vt.
- E. N. CHAPMAN, M.D., Prof. of Therapeutics, Materia Medica and Clinical Obstetrics in the Long Island College Hospital, Brooklyn, N. Y.
- D. W. CHEEVER, M.D., Demonstrator of Anatomy in Harvard Medical School.
- THOMAS H. CURRIE, M.D., Webster, N. H.
- GEORGE DERBY, M.D., Surgeon 23d Regiment Massachusetts Vols. at Newbern, N.C.
- JOHN H. DIX, M.D., Boston.
- BENJAMIN F. EATON, M.D., Barnet, Vt.
- C. S. ELLIOT, M.D., North Sidney, Cape Breton.
- CALVIN ELLIS, M.D., Adjunct Professor of Theory and Practice in Harvard University.
- W. C. B. FIFIELD, M.D., Dorchester.
- NORTON FOLSOM, House Pupil at Massachusetts General Hospital.
- D. V. FOLTS, M.D., Boston.
- SAMUEL P. FRENCH, M.D., Richmond, N. H.
- ISSAC F. GALLOUPE, M.D., Surgeon of the 17th Regiment Massachusetts Vols.
- JOHN GREEN, late Assistant Surgeon U. S. A.
- WILLIAM WARREN GREENE, M.D., Pittsfield, Mass.
- LEWIS HEARD, M.D., Acting Assistant Surgeon U. S. A., at Finley Hospital, Washington, D. C.
- B. JOY JEFFRIES, M.D., Boston.
- GILMAN KIMBALL, M.D., Lowell.
- J. S. LOMBARD, Medical Cadet, U. S. A.
- JOSEPH MURPHY, M.D., Taunton.
- JAMES R. NICHOLS, Esq., Boston.
- WILLIAM H. PAGE, M.D., Boston.
- E. A. POND, M.D., Rutland, Vt.
- JAMES P. PRINCE, M.D., Surgeon to the 36th Regiment Massachusetts Vols.
- A. RUPPNER, M.D., Boston.
- AMOS SAWYER, M.D., Hillsboro', Ill.
- A. D. SINCLAIR, M.D., Boston.
- THOMAS T. SMILEY, M.D., U. S. General Hospital, Hilton Head, S. C.
- JOHN STEARNS, Jr., M.D., Boston.
- H. R. STORER, M.D., Boston.
- J. BAXTER UPHAM, M.D., Surgeon in charge of Stanly General Hospital, Newbern, N. C.
- H. W. WILLIAMS, M.D., Boston.
- G. B. WINDSHIP, M.D., Boston.

8604A

INDEX TO THE SIXTY-EIGHTH VOLUME.

- ABNOT, Dr. S. L.** Case of hæmoptysis, with peculiar physical signs, 491
Abdominal tumor, 461
Abortion, studies of, by Dr. H. R. Stor-
er, 15
Ab-cess, communicating with gall-bladder, 423; of kidney, 382
Accentuated cardiac second sound, 494
Acclimatization of sponges, 65
Accommodation, lesion of in right eye,
 from nursing with right breast, 143
Addison's disease, case of, 361
Adulteration of milk, 81, 526; **City Ordinance on,** 83; **new statute,** 347
Amaurosis produced by smoking, 409
Ambulance system, 41, 405
American Medical Association, 90, 110, 126, 386, 406
American Medical Monthly, 148
Ammonia, hydrobromate of, 249
Ammonium, bromide of, 249
Amputations, primary and secondary, after
gun-shot wounds, 205
Amputation of the thigh, 69, 70, 371, 396, 453, 473
Aneurism, successfully treated by iodide
of potassium, 226; **of aorta,** 463
Annual Report of Trustees of the State
Lunatic Asylum at Northampton, 24; **of**
Mass. General Hospital, 168
Aorta, aneurism of, 463
Appointments, medical, 65, 68, 90, 170, 210, 250, 530; **of surgeons for the con-**
scription, 330
Arm, gun-shot wounds of, followed by
anæsthesia of hand, 37
Army Medical Museum, 348
Army, abuse of mercury in the, 349
Army Medical Intelligence, 20, 51, 124, 164, 203, 362, 443; **circular to Medical**
Directors, 68
Army medical appointments, 68, 170, 210, 250, 450
Ascaris lumbricoides, expulsion of large
numbers of; note by Dr. E. C. Dyer, 269
Association, American Medical, 90, 110, 126, 386, 406
Asylum, Lunatic, in Venice, 409
Atheromatous matter, balls of in a cyst
beneath the lower jaw, 162
Atropine, sulphate of, subcutaneous injection in sciatica, 171
Bacon, Prof. John, resignation of, as chemist of Mass. General Hospital, 390
Bean, Calabar, effects of on the eye, 178, 513, 529
Benzine, new use for, 249
Berkshire Medical Society, reports of
meetings of, 79, 103, 283, 423
Berkshire Medical College, changes in, 529
Bethune, Dr. G. A. Case of double vision with each and both eyes, 29
Bibliographical notices, 22, 122, 144, 262, 322, 444, 502, 516
Bidwell, Dr. E. C. New test of malarial diathesis, 36
Bismuth, use and dose of, 98
Both, Dr. Carl. Case of large collection of feces in intestine; perforation and death, 421
Boston Society for Medical Improvement, reports of meetings of, 37, 100, 141, 162, 224, 261, 302, 382, 461, 500
Boston Medical Association, annual meeting of, 309
Boston, registration of, 464; **vital statistics of,** 28, **and weekly**
Bowditch, Dr. H. I., on the causes of consumption in Massachusetts, 83; **valuedictory address of,** 404
Bowdoin Medical College, changes in, 529
Boylston Medical Society, 246
Brain, punctured wound of, 380
Branch, Dr. John. Ossification of the spleen, 513
Bright's disease, its cure by a milk diet, 329; **case of,** 303
Bristol North District Medical Society, officers of, 149
British American Medical Journal, 27
Bromide of ammonium, 249
Bronchus, dilated, 303
Bryan, Dr. James. Cases in Nashville Hospital, 291; **his assignment to duty at the West,** 210

- Buffalo Medical School, 229
 Burns, Dr. Wm. Case of Cyclopean monstrosity, 513
 Calabar bean in ophthalmic medicine, 178, 513, 529
 Calcareous metastasis, 39
 California State Lunatic Hospital, 309
 Canada Lancet, 248
 Cancer of the lip, geographical distribution of, 91
 Cancer, of stomach, case of, 177; of the breast, 285
 Carn-y Hospital, the, 468
 Cancerous disease, remarkable arrest by operation, 523; of cerebellum, 481
 Caries of hip-joint, with disease of kidneys, 111
 Cataract, 81
 Catarrh, early-summer or hay fever, 22
 Cerebellum, cancerous disease of, 481
 Cerebro-spinal disease in the camps about Newbern, 191, 203, 214, 253, 311, 333
 Chandler, Dr. J. L. Obituary notice of Dr. Asahel Clapp, 44
 Chapman, Prof. E. N. Observations on and treatment of diphtheria, 9, 30, 56, 69, 95, 116
 Cheever, Dr. D. W. Case of a large glandular tumor removed from the neck of a boy, 259; cases of operation for the cure of inguinal hernia, 351
 Chemistry, Brande and Taylor's, 322; handbook of medical, 502
 Chest, gun-shot wound of, 100, 471
 Chloroform, recent death from, 365; its internal use in convulsions, 409; another death from, 469
 Chorea, treatment of, 425
 Cinchona forests of South America, 241
 Clapp, Dr. Asahel, obituary notice of, 44
 Clark, Dr. Henry G., Second report on inspection of military hospitals, 265
 Coal mines, mortality in, 89
 Commencement at Bellevue College Hospital, New York Medical College, New York Ophthalmic School and Hospital, Buffalo Medical School, 229; at University of Pennsylvania, Jefferson Medical College, University of Michigan, 230; at the Mass. Medical College, 109, 147; University of New York, 150
 Connecticut, vital statistics of, 449
 Conscription, exemption from, 503
 Consumption in Massachusetts, Dr. H. I. Bowditch on the causes of, 63
 Convulsions, puerperal, 294, 425
 Cook, Dr. H. W., death of, 209
 Coroners' inquests in England and Wales, 213
 Corrosive sublimate, gold dust and iron filings an antidote for, 376
 Cranium, new symptom of fracture at base of, 249
 Croup, tracheotomy—case of, 142
 Currie, Dr. Thos. H. Treatment of diphtheria, 227
 Cyst from beneath lower jaw, containing atheromatous masses, 162
 Cyclopean monstrosity, 513
 Davis, Dr. C. A., death of, 230
 Deaths and marriages of physicians, 28, 48, 68, 90, 150, 170
 Decapitation and its phenomena, 408
 Dentition and its derangements, 445
 Derby, Dr. George. Case of resection of humerus, 359
 Diathesis, malarial, 147
 Diday, Dr., on pathology of tertiary syphilis, 368
 Digestion and respiration, experiments on, 135
 Dilatation of os, artificial, 431
 Diphtheria, practical observations on. and treatment of, 9, 30, 55, 69, 95, 116; case of, tracheotomy, 493; in the British Provinces, 131; cases of, 141; treatment of, 104, 227
 Diseases of women and children, clinical lectures on, 444
 Disinfectants and their application to therapeutics, 308
 Dislocation, partial, of head of radius in children, 451
 Dix, Dr. John H., on iridectomy, 151
 Double vision, in both eyes, case of, 261; with each and both eyes, 29
 Drafted men, medical examination of, 524
 Dyer, Dr. E. C. Note on expulsion of large numbers of ascaris lumbricoides, 269
 Eaton, Dr. B. F. Propylamin in tic douloureux, 198
 Editorial department, accession to, 24
 Elliot, Dr. C. S. Diphtheria in the British Provinces, 131
 Ellis, Dr. Calvin. Case of Addison's disease, 361; appointment to adjunct professorship of Theory and Practice in Harvard University, 429
 Epilepsy, belladonna in, 201
 Ether in whooping cough, 103
 Excision, Dr. Hodge's remarks upon, 304; of head of humerus, 304; of elbow and shoulder-joint, cases of, 251
 Extra-uterine foetation, 302
 Eye, lesion of accommodation, 143; effect of Calabar bean on, 178, 513, 529; cases of double vision, 29, 261; ophthalmic institutions in Europe, 511
 Fæces, great collection of in intestine, 421
 Feeble-minded youth, Ohio Asylum for, 109
 Fever, typhoid, with intestinal perforation, 79

- Femur, wound of the, 69
 Fibrous tumor, of the womb, 103; attached to linea alba, 284
 Fifield, Dr. W. C. B., on rupture of the uterus, 331
 Fissure, median, of lip, 225
 Flat-head Indians, process of flattening heads of, 247
 Fœtus, hydrocephalic, 104; malformed, 345
 Fœtation, extra-uterine, 302
 Folsom, Norton. Prize essay on smell and taste, 231
 Folts, Dr. D. V. Partial dislocation of head of radius, 451
 Foot, exsection of bones of, 43
 Foramen ovale, case of patency of, 211
 Foreign intelligence, 129
 Fossil man, 407
 Fracture at base of skull, new symptom of, 219
 Fractures and dislocations, a treatise on, 445
 French, Dr. S. P. Case of occlusion of pylorus by a tumor of the liver, 239
 Gall-bladder, abscess communicating with, 423
 Galloupe, Dr. I. F. Medical history of the 17th Reg't, 136; letter from Newbern, N. C., 362
 Galvanism, successful treatment of lead colic by, 149
 Gangrene senile, oxygen gas in, 129
 Garibaldi's wound, M. Nelaton's diagnosis, 47
 Gelatinous matter, large quantity of in ovary, 101
 Girl less than eleven years old delivered of a child at the full term of pregnancy, 49
 Globe, statistics of, 209
 Glycerine in surgery and medicine, 338
 Gold dust, an antidote for corrosive sublimate, 276
 Graduates from Harvard Medical School, 148, 507
 Greene, Dr. W. W., on thoracentesis, with cases, 51, 71
 Green, Dr. John. On amputation of the thigh, 371, 393, 453, 473
 Gulliver, Mr., Hunterian oration, 307
 Gun-shot wound of chest, 100; of pelvis, with ball in rectum, 101
 Gun-shot wounds, one hundred, statistics of, 42; of arm, followed by anæsthesia of hand, 37; twenty cases of, 411; of hip, 439
 Hematemesis, 462
 Hæmoptysis, with peculiar physical signs, 491
 Hair, excessive growth of, after applications to the skin, 162
 Hands, a woman with three, 28
 Harvard University, new professors in, 429; social meeting of medical class, 83
 Harvard Medical School, commencement of, 109, 147; list of graduates, 148, 507
 Hay-asthma, 22
 Heard, Dr. Lewis. Case of punctured wound of brain, 380; gun-shot wound of hip, 439
 Heart, fatty, sudden death, 223; rupture of septum of, 501
 Hebra, Professor, 129
 Height of American soldiers, 527
 Henna, researches on, 260
 Hernia, inguinal, operations for the radical cure of, 351
 Hip-joint, caries of, with hip-disease, 111
 Hip, gun-shot wound of, 439
 History, surgical, of the rebellion, 108
 Hodges, Dr. R. M., appointed surgeon of the Mass. General Hospital, 65
 Home-doctoring, dangers of, 48
 Hooker, Prof. Charles, death of, 168
 Hospital notes and memoranda, 20, 61, 191, 214, 253, 311, 333
 Hospital notes, 201
 Hospital in Venice, 369
 Hottentot, dissection of, 128
 Humerus, dislocation of into the axilla, 424; excision of head of, 304; malignant disease of, 383
 Hunterian oration, Mr. Gulliver's, 307
 Hydrobromate of ammonia, 249
 Hydrocephalic fœtus, 104
 Hydrophobia, 282; treatment of, 424; in Vienna, 129
 Hygiene, military, 488
 Hypophosphites, use of in phthisis, 527
 Illness in a family from an obscure cause, 79
 Inaugural theses, hints on, 446
 Indiana hospital for the insane, 123
 Indians, Flat-head, 247; labor among, 307
 Infant, sudden death of, without known cause, 224
 Inquests, coroners', in England and Wales, 213
 Insane asylums, reports of, 24, 78, 89, 123
 Inspection of military hospitals; second report of Dr. Henry G. Clark on, 265
 Intelligence, army medical, 20, 51, 124, 164, 203, 362, 443
 Iodide of potassium as a remedy for aneurism, 226
 Irrectomy, 151
 Jarvis, Dr. Edward. Report on Camp at Readville, 206
 Jeffries, Dr. B. Joy. Patency of foramen ovale—translated, 211
 Kidney, abscess of, 382
 Kimball, Dr. Gilman. Case of ovariotomy, 391

- King, Dr. W. H., death of, 209
- Labor, its management among Indians, 367
- Lancet, Canada, 248
- Lawrence, city of, vital statistics, 28
- Lead colic successfully treated by galvanism, 149
- Lectures, University, at Harvard College, 166
- Lehmann, Prof., death of, 129
- Letter from Prof. Thos. D. Mitchell, 365, 446; from Dr. I. F. Galloupe, surgeon 17th Mass. reg't, 362; from Surg. J. H. McGregor, 43
- Lip, median fissure of, 225
- Lombard, J. S. Case of pneumonia following gun-shot wound, 471
- London, ophthalmic hospitals in, 511
- Long Island College Hospital, 506
- Magenta dye in microscopical observations, 248
- Malarial diathesis, 147; new test of, 36
- Malignant disease of skin of the heel, 162
- Mammalia, on the classification of, 317
- Man, antiquity of, 207
- Marriages and deaths of physicians, 28, 48, 68, 90, 150, 170, 210, 270, 290, 350, 390, 430, 450, 530
- Massachusetts College of Pharmacy, 169
- Massachusetts General Hospital, resignation of Dr. W. J. Dale as trustee, 88; retirement of Dr. Townsend, action of Medical Board on, 109; annual report of, 168; resignation of Dr. Bacon, 390
- Massachusetts Medical College, commencement at, 109, 147; list of graduates, 148, 507; present to the Janitor, 189
- Massachusetts Medical Society, annual meeting of, 389, 427
- Massachusetts Volunteers, health of the 43d regiment, 164; medical history of the 17th regiment, 136
- Mayday holiday, 306
- McGregor, Dr. John H. Exsection of bones of foot, 43
- Medical directors, circular to, 68
- Medical Monthly, American, 148
- Medical, class in Boston, social meeting of, 83; Journal, British American, 27
- Medical Societies, reports of, 37, 79, 100, 103, 141, 162, 223, 261, 283, 302, 341, 382, 423, 461, 500
- Medical Society of Vermont, annual meeting, 490; of New Hampshire, annual meeting of, 449; of Rhode Island, annual meeting of, 430; of Massachusetts, annual meeting of, 389, 427
- Medicine, warlike aspect of, 228
- Medicines, their action on the system, 502
- Menstrual fluid, retained, treatment of, 67
- Mercury, abuse of in the army; order of the Surgeon-general, 349
- Metastasis, calcareous, 39
- Middlesex East Medical Society, 341; South District Medical Society, 247
- Michigan, University of, 230
- Military hygiene, 488
- Microscopical observations, Magenta dye in, 248
- Milk, adulteration of, 81, 526; city ordinances on, 83; new statute, 347; diet of, in Bright's disease, 329; swill, 526
- Mitchell, Dr. Thos. D. Letter from, 365, 446
- Monstrosity, Cyclopean, 513
- Monthyon prize, 129
- Moriarty, Dr., non-recollection of, as Port Physician, 419
- Mormonism, physiology of, 507
- Mortality in coal mines, 89
- Multilocular tumor of the ovary, 80
- Murphy, Dr. Joseph. Puerperal convulsions, 294
- Museum of comparative zoölogy, annual report of trustees and director, 287
- Nashville Hospital, cases in, 291
- Necrosis of tibia, 500
- Newbern, N. C., diseases prevailing in camp at, 20, 61, 164, 363; cerebro-spinal disease at, 191, 203, 214, 253, 311, 333
- New Hampshire Medical Society, annual meeting of, 449
- Nichols, James R. On obscure sources of disease, 153
- Nitrous oxide and oxygen, 45
- Notice to subscribers and correspondents, 48
- Northampton, annual report of State Lunatic Asylum at, 24
- New York, Woman's Hospital in, 48; University Medical School, 150; Medical College, 229; Ophthalmic School, 229; swill milk in, 526
- Obscure sources of disease, 153
- Obstetrics, the science and art, 444
- Occlusion of pylorus by tumor in liver, case of, 239
- Ohio Asylum for feeble-minded youth, 109
- Ophthalmic institutions of Europe—No. I. 511
- Ophthalmic School in New York, 229
- Opium in sleeplessness, 202
- Oppolzer, bust of, 129
- Ordeal bean of Calabar, 529
- Os uteri, artificial dilatation of, 431
- Ossification of spleen, 513
- Ovarian disease, 101
- Ovariectomy, statistics of, 349; in France, 309; case of, 391
- Ovary, multilocular tumor of the, 80
- Oxidizing mixture, powerful, 90
- Oxygen and nitrous oxygen, 45
- Oxygen gas in senile gangrene, 129

- Oxygenated water, therapeutical use, 66
 Ozonized air, its influence on animals, 280
- Page, Dr. William H. Case of cancer of the stomach, 177
 Palsy, wasting, 156
 Pancreas, part of, voided by intestine, 129
 Parotid tumor, 224
 Parturition, precocious, 49
 Patency of foramen ovale, case of, 211
 Pelvis, gun-shot wound of, 101
 Pennsylvania, University of, 230
 Pension examining surgeons, 90, 169
 Pepsin, pure, 244
 Pharmacopœia, new U. S., 370
 Pharmacy, Mass. College of, 169; New York College of, 370
 Phlegmasia dolens, 283
 Phthisis, hypophosphites in, 527
 Physiological memoirs, 502
 Placenta previa, 104
 Plaster, adhesive, water-proof, 89
 Pleurisy and pericarditis, treatment of, 221
 Pleuro-pneumonia in cattle, swill milk, 526
 Pneumonia, cases of, 79; following gun-shot wound, 471; followed by pleurisy, 283
 Poisoning by strychnia, 199, 365
 Poisonous effects of subcutaneous injections of sulphate of atropine, 171
 Poisons, what dose will kill? 365
 Pond, Dr. E. A. Cancer of cerebellum, 481; tracheotomy in diphtheria, 493
 Popliteal space, wound in the, 70
 Post-mortem examinations in Vienna, results of, 187
 Pregnancy, early, remarkable case of, 49
 Prince, Dr. James P. Surgical cases, 69
 Privy gas, explosion of, 348
 Prizes, Wood, 229
 Professors' changes in Berkshire and Bowdoin Medical Schools, 529
 Propylamin in tic douloureux, 198
 Providence, R. I., health of, 270
 Puerperal convulsions, 294, 425
 Pulmonary artery, obstruction of, 501
 Pylorus occluded by tumor of liver, case of, 239
- Quinine, use of, 104; in Indian army, 369
- Radius, partial dislocation of head of in young children, 451
 Railroads, medical provision for, 105
 Recruits, unfitness of under twenty years of age, 149
 Report of Insane asylums, 24, 78, 89, 123; of Surgeon-general of Massachusetts for 1862, 145; annual, of Mass. General Hospital, 163; of trustees and director of museum of comparative zoölogy, 287; on the therapeutical action of medicinal agents, 341; of Middlesex East District Medical Society, 341; of Berkshire District Medical Society, 423
 Resection of humerus, 359
 Restoration of a dead body to natural appearance, 483
 Revaccination, non-formation of cicatrix in, 514
 Revalenta, 369
 Rhode Island Medical Society, annual meeting of, 430
 Ruppenner, Dr. A. Caries of the hip-joint, 111
 Rupture of septum of heart, 501
- Sacramento, Cal., deaths in, for 1862, 163
 Sanitary Reporter, 429
 Sarracenia purpurea in smallpox, 509
 Sawyer, Dr. Amos. Non-formation of cicatrix in revaccination, 514
 Scaly venereal disease, 271
 Scarlatina, cases of, 284
 Scirrhus breast, removal of, 285
 Scotland, birth rate of, 310; smallpox in, 206
 Senses of smell and taste, prize essay on, 231
 Sexes, relative number of at birth, 188
 Sinclair, Dr. A. D. Subcutaneous injection of sulphate of atropine, 171; case of constitutional syphilis, 238
 Skin, on diseases of, 516; of heel, malignant disease of, 162
 Sleeplessness, opium and codeia in, 202
 Smallpox, sarracenia purpurea in, 509; in Scotland, 206
 Smiley, Dr. T. T. Twenty cases of gun-shot wounds, 411
 Smith, Dr. Isaac, Jr. Case of bony deposit in spleen, 443
 Soldiers, American, superior height of, 527
 Spain, population of, 310
 Spleen, bony deposit in, 443; ossification of, 513
 Sponges, acclimatization of, 66
 Statistics, vital, of Boston, 28, and weekly; of the globe, 209
 Stearns, Dr. John, Jr. Cases of excision of elbow- and shoulder-joints, 251
 Stomach, immunity from self-digestion, 514
 Storer, Dr. H. R. Studies of abortion, 15; on artificial dilatation of os and cervix uteri, 431
 Strychnia poisoning, 99, 366
 Subcutaneous injection of sulphate of atropine, 171
 Sudden deaths, cases of, 443
 Suffolk District Medical Society, 209
 Surgeon-general of Massachusetts, report of, for 1862, 145
 Surgeon-general U. S., Order No. 6, 349; Circular to the medical profession, 108
 Surgical cases in 36th Mass. Reg't, 69
 Surgical history of the rebellion, 108

- Swill milk, and pleuro-pneumonia in cattle, 526
 Syphilis, constitutional, 238; squamosa, 271; tertiary, notes on pathology of, 308
 Tar, effects of external application of, 130
 Teeth, rose-colored, 68
 Theses, inaugural, hints on, 446
